IN A FIELD NOBAC 500 OF OUR OWN LABELLER FAMILY

DEDICATED APPLICATORS AND COATER SLEEVE REPLACEMENTS LESS LANDFILL NO LINER OVER 20 YEARS LINERLESS EXPERIENCE

The Nobac 500 sleeve has been specifically developed for today's retailers and packers. It's unique, linerless, adhesive backed labels eliminate the need for wasteful, non-recyclable backing papers. The sleeve is an inline machine, designed for maximum flexibility and eliminates the need to turn the packs. It is capable of applying sleeves in five formats, top, top & side, top & two sides, C-wrap, and full wrap.

In addition to sleeving fixed weight product there is the option of linking the Nobac 500 to weigh scales from a range of manufacturers for variable weight product as well as check weighing.

Production speeds have not been compromised, in fixed weight mode 120ppm is possible and by linking to the latest weigh scales over 100ppm is possible in variable weight systems.

Standard specification, subject to specific application:-

- Electrical Supply: 240v 50hz single phase
- Air Supply: 5 bar 70 psi 40cfm
- Max Pack Height: 120mm
