RAVENWOOD LINERLESS LABELS REAL WORLD IMPACT

At Ravenwood, we continue to help global food producers:

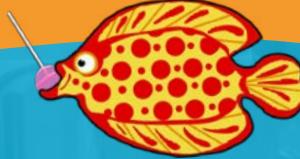

Reduce label waste by 100%

Cut packaging weight by up to 40%

Increase throughput and automate EPR (Extended Producer Responsibility) compliant labelling

Streamline packaging lines

Meet sustainability goals

How Linerless Labelling Solves Key Challenges

No Backing Waste = Less Landfill

Traditional self-adhesive labels use a silicone liner – non-recyclable
Linerless eliminates this waste stream entirely

Lower Packaging Weight

Linerless rolls are lighter and more compact = fewer truckloads
Directly supports waste and emissions reduction targets

Easier Compliance

More sustainable packaging = lower EPR modulated fees
Simplified material use helps with mandatory reporting

Energy & Efficiency Gains

Less downtime for roll changes
Compatible with automation and high-speed labelling systems
