

RAVENWOOD LINERLESS LABELS FISH

Hooked on freshness from sea to shelf - sustainably labelled with linerless.

Ravenwood linerless labels are increasingly chosen by leading retailers for high-impact, sustainable packaging across fresh fish categories. Perfectly suited for MAP and skin pack formats, linerless labels are available in a range of materials including clear and white film - ideal for strong adhesion in chilled, moisture rich environments.

RAVENWOOD LINERLESS LABELS REAL WORLD IMPACT

At Ravenwood, we continue to help global food producers:

Reduce label waste by 100%

Cut packaging weight by up to 40%

Increase throughput and automate EPR (Extended Producer Responsibility) compliant labelling

Streamline packaging lines

Meet sustainability goals

How Linerless Labelling Solves Key Challenges

No Backing Waste = Less Landfill

Traditional self-adhesive labels use a silicone liner – non-recyclable
Linerless eliminates this waste stream entirely

Lower Packaging Weight

Linerless rolls are lighter and more compact = fewer truckloads
Directly supports waste and emissions reduction targets

Easier Compliance

More sustainable packaging = lower EPR modulated fees
Simplified material use helps with mandatory reporting

Energy & Efficiency Gains

Less downtime for roll changes
Compatible with automation and high-speed labelling systems
